

OSCC Annual General Meeting November 13,2020

Vice President and Membership Report

Many people are glad that 2020 is coming to an end. 2020's legacy will be that of the loss of lives, lockdowns, borders closed, wearing masks, limited social activity and events without spectators. The world has changed as we know it and possibly will not return to the way we knew it. The one thing that Covid-19 has taught us was how to adapt to the new normal. The executive of OSCC had great plans in place for 2020 and it soon became evident that those plans would quickly fall by the wayside. We had to quickly change how our meetings would happen evolving from conference calls to Google Meets Video meetings. The board decided that we must carry on with the business of OSCC despite what was going on in the world, we thought it was necessary to maintain some sort of normalcy. Since our plans had changed, we decided to look to the future and looked for new activities for the club and start building for 2021. Despite all the upheaval one thing did not change our membership numbers remained strong and exceeded 2019 numbers. We added many new members with our decision to develop a Karting division within OSCC. The outlook is bright for OSCC and I am confident that our membership growth will remain strong. OSCC members are passionate about our sport and that passion is what will continue to drive our growth as a club. I am proud to be part of the 2021 Board and look forward to working with the new Board. 2021 is already shaping up to be an exciting year for the club. As always Stay Safe, Stay healthy

Dale Pasternak

OSCC Vice President/ Membership Chair
