

## **2021 OSCC Report – Past President**

There were many challenges that carried over into 2021 from 2020 - primarily Covid-related. Notwithstanding that, the OSCC most definitely met the challenge and ended up the 2021 year with a very solid membership count that included a lot of new members. Virtual meetings were actually the reality with the social meetings as well the regular meetings of the OSCC Board of Directors running uninterrupted during the year.

As everything becomes a bit clearer and accessibility continues to open up, that has made it possible to start planning for more OSCC activities in 2022 - including rallies, social get-togethers and plans around the schedule at Calabogie Motorsports Park.

The new incoming OSCC Board has a lot to work on and think about but plans are already well underway and 2022 promises to be an exciting year with some familiar things happening as well as a few that are really new and innovative!! I am excited and very much looking forward to being involved with, contributing to, and participating in pretty much everything as I go into my 59<sup>th</sup> year as a member of a CASC-affiliated car club – I joined St LAC in Kingston in 1963 and haven't looked back since!!!

Bring it on, 2022! Let's see what you've got!!

**Terry Dale**  
**OSCC Past President**
